

Accepted Insurances

As a rule of thumb for patients: even though we accept your insurance carrier (Ex: Cigna), we may **NOT** accept your specific plan (Ex: Local Plus). It's always best to contact your insurance company to determine if your plan uses one of the networks that we are contracted with or not. Our office is not able to provide you with this information.

* Tricare Prime members may require an approval from your military PCM **or** for your doctor at Lone Star Pediatrics to be listed as your PCP, please call Tricare to confirm if this is necessary. *

* HMO patients: Dr. Smith or Dr. Reyes **must** be listed as your PCP with your plan. Claims will be denied as "patient responsibility" if you neglect to update this information with them.

There are many other insurances that we are not contracted with directly, however, they may use one of the networks (above) that we do take. If this is the case, we will likely take your policy. Again, you should call your insurance company to determine if this is the case for you.

Please keep in mind that we will need to obtain a copy of your insurance card at your child's first appointment each year; if you do not have your new year's card available you may be asked to pay cash and given a "billing summary" to submit for reimbursement, otherwise, please schedule your appointments once you have received a copy of your new insurance card.
